Dear colleagues

Section 47C

Input by **Wednesday 2 July** will be appreciated. I apologise in advance for the short turnaround time. We've provided a template to assist with identifying the sort of information that will be of greatest value to outline how our current regulatory can respond. Please feel free to add further information if it's not captured by the template. Also, if you think other case studies are useful, and have examples, please let us know.

Section 47C

Section 22 and her team will work with your Band 1s and their teams on the request. I am more than happy to jump on a call to discuss further.

Thank you for your support.

Kind regards
